뒭

1. CUSTOMER SEGMENT(S)

Working Professionals who doesn't have enough time to read the Newspaper.

6. CUSTOMER CONSTRAINTS

Time and Budget.

5. AVAILABLE SOLUTIONS

Newspaper is an alternative to Newstracker Application.

Pros:

Users no longer need to read the news which they are not interested

Cons:

7. BEHAVIOUR

Screen time may get increased.

2. JOBS-TO-BE-DONE / PROBLEMS

9. PROBLEM ROOT CAUSE

- 1.Reading Newspaper is time consuming task.
- 2.User may read uninterested news.
- 3. Regular buying of newspaper leads to exorbitant newspaper bills and may be result in unwanted scrap.

In olden days, User did not have enough internet facilities. So there is no other way than reading a newspaper, To know what's happening around!

showing fake news in our application is impossible

and we categorize the news according to the user

interest which saves time for our busy users

User need to follow the below steps:

- 1.Create an account in our webapp.
- 2.Login our webapp.
- 3. Categorize the news according to their interest.

3. TRIGGERS

Application.

User when they see the neighbours stop buying Newspaper and subscribed to News Tracking

10. YOUR SOLUTION

8. CHANNELS of BEHAVIOUR

8.1 Online: We made this application is such a way that

User can categorize the news according to their interest and get notification

8.2 Offline:

User can download the detailed news of the headlines and can read it offline

4. EMOTIONS: BEFORE / AFTER

Can see news only in television or newspaper > can see news anytime and anywhere just need your mobile phone
